The definitive Airport Directory of Europe's Airports

Each November the European Regions Airline Association (ERA) produces a unique directory of European regional airports which is distributed to its membership of over 50 airlines and 120 supporting companies as well as the wider European air transport industry.

The Directory is a standalone reference point for European regional airlines to get to know key European airports.

Inclusion in the Directory comes with the added bonus of a FULL YEAR'S MEMBERSHIP OF ERA

Pricing starts at GBP 700

for a full page directory entry (see the attached sample)

This unique package means you also have access to:

- Attendance at ERA's two premier networking events, the ERA Regional Airline Conference and the Annual ERA General Assembly
- Access twice yearly to the Airline Presidents' and Airport Directors' meetings held by ERA – typically attended by 40-50 regional airline CEOs
- Access to information and updates on factors affecting the regional airline business through receipt of ERA's monthly journal, Regional International and other communications channels
- Networking and interaction opportunities with ERA members via the ERA Advisory Groups
- This is a unique publication that showcases the regional airport industry to the regional airline industry.
